## **DETAILED ACTION.**

### ***Allowable Subject Matter***

Claims 1-16 are allowed. The following is an examiner's statement of reasons for allowance: In the examiner's opinion, the allowable subject matter in this case is the pair of rear upper legs, attaching near the rear end of the runners with a pivot joint, depending from the top, and having a means to secure the rear upper legs perpendicular to the top; a pair of front lower legs beneath the front upper legs that mate with the front upper legs individually, attaching near the front end of the rails at a pivot joint; a pair of mutually parallel struts perpendicular to the rails, depending from the rails and terminating with casters, having a front fixed brace extending rearwards from the strut upwards to the rail in combination with the other elements recited not anticipated by the prior art, nor would it have been obvious to a person of ordinary skill in this art. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

### ***Conclusion***

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
